CONNELLSVILLE TO THE LAKES.
Meeting of the Chamber of Commerce Committee—The Railroad Matter Referred to the Railroad Company.
The committee of the chamber of commerce appointed to consider the proposals of Colonel Karawiese met last night, President Quarrier in the chair. Colonel Karawiese went further into the project, outlining a plan of organization to promote the work.
After listening to him Mr. C. B. Hart said that inasmuch as there is already a corporation formed of citizens of Wheeling to promote the railroad scheme, and as the chamber of commerce would be unwilling to antagonize men who had undertaken the work for the public benefit, he moved that the matter be referred to the Wheeling, Connellsville & Harrisburg Railroad Company; and that the report of the Ohio commissioner of canals to the governor be awaited.
This brought up the whole matter for discussion, in which Messrs. Henry Baer and J. C. Brady were the principal speakers. Mr. Hart's resolution was adopted unanimously. On motion of Mr. Baer the committee is to hold itself in readiness to co-operate with the directors of the railroad company in any way that may suggest itself.

"MOTHER" BUNCH'S LICENSE.
The Fulton Council Finally Grants It—Two Indignant Councilmen.
For some time past the question whether or not Dorothy Bunch, facetiously called by some "Mother" Bunch, should be granted a license by the council of Fulton, has agitated the inhabitants of that principality. At the time of granting licenses to other applicants by the board of commissioners, Mrs. Bunch was unable to present her application for the reason that the Fulton council refused by a tie vote to license her place. On Monday night the matter was again brought before the council. All the members were present except Mr. Otto Schenck. Messrs. Michael Stein and M. Freimuth opposed the licensing of the place in lengthy speeches, and when they saw that the majority were of a contrary opinion, both gentlemen left the chamber. After they had retired those remaining voted to grant the license. As the Fulton council has taken this favorable action, the board of commissioners will have to follow suit.

They Must Pay Toll.
The committee on roads and bridges of the board of commissioners yesterday viewed the river road mainly and the others incidentally for the purpose of making up the annual estimates. They made a change of the roads with a view of collecting toll of those who use the river road. People who have been using the road have lately refused to pay toll, and the committee expressed themselves yesterday as being determined to collect toll if they had to put a constable at the gate to enforce their mandates.

Scottish Marine Picture.
A great number of persons having expressed a desire to have their friends and others see the beautiful sunset picture on view at J. H. Kirk's art store, by the noted Scottish marine artist, Ambrose Macneil, it has been decided to let it remain on public view a few days and evenings longer. All lovers of high art are welcome to see this really great painting.

Police Court.
Owing to yesterday's terrible disaster the mayor was unable to hold police court at the regular hour on account of the presence of the police at the fire. In the afternoon one lonely case was judged by the mayor, Sam Bailey, charged with disorderly conduct. Samuel was fined \$5 and costs, and not having the money was sent to the jail.

THE CORONER'S JURY

Views the First Body Recovered and then Adjourns.

IT WILL PROBE IT TO THE BOTTOM.

Mr. Pritchard's Body will be Taken to Buckhannon To-day by his Brother-in-Law—The Jury will Wait Until all the Bodies have been Found and then make a Thorough Investigation with a View to Fixing the Responsibility.

At 3 o'clock yesterday afternoon County Coroner J. W. Schultze impaneled a jury to investigate the cause of Benjamin F. Pritchard, the only one of the victims of the accident whose body had been recovered at that time. The inquest was opened at the undertaking establishment of Louis Bertschy, on Main street, where the body was taken upon being removed from beneath the debris. Prosecuting Attorney Howard was present.

The jurors who were sworn were George Wise, John Rihlhauser, John Sheekey, Charles H. Sosenoy, Henry F. Jones and Alex S. Wiley.

The jury simply viewed the body formally and Coroner Schultze issued a certificate of death by accident, so that the body could be taken to Pritchard's late home at Buckhannon. He was a brother-in-law of James A. Wood, father of the Wood Bros., the planing mill men, and would have been forty years old next December. He leaves a wife and two children, the youngest a baby. He was a blacksmith and wagon manufacturer. Mr. Wood will take the body home this morning.

Mr. Pritchard was a very prominent Old Fellow, and Capt. Henry Seamon telegraphed to his home lodge news of his sad fate.

The coroner's jury adjourned to meet at the call of Coroner Schultze whenever another body may be recovered. The coroner said after adjournment that he proposed to probe the matter to the bottom, with a view to fixing the responsibility. He would wait, however, until all the bodies had been taken from the ruins. He said, also, that Prosecuting Attorney Howard was of the same mind and disposition as himself.

There is no doubt that the general public will approve this determination. No other view was expressed on the street yesterday than that somebody was to blame, and it was the coroner's duty to ascertain who it was.

Coroner Schultze says when he was in council years ago he tried to have a building inspection law passed, but was laughed at.

Last evening after the body of Rev. Father Parke was recovered Coroner Schultze reconvened the jury at Friend & Son's undertaking rooms, and after viewing the body the jury returned merely a formal verdict of death by accident. It then again adjourned to meet whenever the coroner called it. It is hoped that all the bodies may be recovered to-day.

Failed to Materialize.
Last evening was the regular meeting night for council, but the first branch failing to get a quorum and the second branch barely obtaining one, they adjourned. Before the second branch adjourned the minutes of the previous meeting were read and approved, and on a motion the applications for liquor licenses, 125 in number, were referred to the committee on petitions and remonstrances. This is only a falling off of three saloons, which created some surprise, as it was intimated that quite a number would quit the business on account of dull times.

The current number of the Rand-McNally Guide contains a new Gazetteer of cities, towns and health and pleasure resorts of the United States, Canada and Mexico. On sale everywhere. Send subscriptions to 165 Adams street, Chicago.

SPRING SUITS—THE HUB CLOTHIERS.

Awakening!

Nature is awake again. Our garden of fashion is filled with a great growth of the choicest creations. Everything invites a change. The budding trees grow green in their welcome. Sweet-toned songsters of the forest chirp their glad release from the grasp of grim and grizzly winter. Man as he views himself in the mirror of floating time, is restless to lay aside the heavy weights and dingy colors.

We have to do with apparel. No brain has been more active than ours. We have swung back the gates of anticipation and before you lie the rich ripe fruits of our tireless toil ten times more grand in the realization.

Men's Made Clothes!

They are best made, too. Nobody but tailors cry down ready-to-wear garments, and there is fear in their voices. Our goodness hurts in that quarter. We've excelled ourselves this season, for our men's suits we have the run of the best manufacturers in the country. We've three times the stock of anybody else's. Pretensions are not clothes. We've the stock, are doing the business and leaving the talk to others. \$5.00 to \$20.00 for all styles of Suits in all sizes.

The Younger Clothes!

Our Boys' and Children's Department is one international congress of juvenile fashion. What's best and newest we buy. Looks and prices make more sales than the test of value. It's safe to buy HERE. We stand sponsors for IT. Our style is exclusive and our variety simply immense. We've everything for all ages. Long Pants suits, two and three pieces; Short Pants Suits, Confirmation Suits, Kester Suits, Furnishings, nowhere so cheap.

We're always ready to buy back what isn't satisfactory. Draw on our resources.

All this Week a Patent Bubble Blower goes free with Every Boy's Suit.

FROM DRESS GOODS TO CARPETS.

We can't help talking about Carpets when writing an "ad." This stock is worth talking about. Had to employ more new help the past week for this department. That's the way the business is on the third floor. Here's about the way our prices compare with other stores. Look around, you'll find we're telling the truth:
